PRINTING PRESCRIPTIONS

Upon discharge, once a medication has been selected for renewal or added as a new prescription, complete the required fields for the prescription; “quantity” or “days”.

To enter a quantity not listed, enter the quantity then click in another field; do not press Enter.

Click “Done”

Click “Submit”.

From Session Summary screen, select Print Now

Click on Grey RX Printer box

Select “Default Printers”
Prescription printer will be identified.

Click OK

Type in PIN and click “OK”. Prescription will print from prescription printer located in the MD dictation area. Please remember to sign your printed prescriptions.
